

MEASURING THE PULSE OF PROSPERITY: AN INDEX OF ECONOMIC FREEDOM ANALYSIS

PROJECT REPORT

1. INTRODUCTION:

An index of economic freedom is **a composite measure of the quality of political economic institutions across different jurisdiction.**

1.1 Overview

Scores and ranks in an index are based on criteria that the creators of the index judge as being relevant which vary from one index to another.

1.2 PURPOSE:

An index of economic freedom **compares the jurisdiction against each other for various aspects such as traded freedom judicial effectiveness and tax burden.** These factors may be weighed for their influence on economic freedom and collated into a single score for ranking.

2. PROBLEM DEFINITION AND DESIGN THINKING:

2.1 EMPATHY MAP

2.2 Ideation and brainstorming

The screenshot displays a brainstorming tool interface. On the left, a vertical toolbar contains icons for various functions. The main workspace is divided into eight sections, each labeled 'Person 1' through 'Person 8'. Each section contains a 3x3 grid of yellow sticky notes. The notes for Person 1 are: 'scarcity', 'supply and demand', 'costs and benefits', 'incentives', 'restitution', and 'economic system'. The notes for Person 2 are: 'opportunity cost', 'trade-off', 'economic system', 'monetary system', and 'economic system'. The notes for Person 3 are: 'factors of production', 'production possibilities', 'marginal analysis', 'circular flow', and 'equity'. The notes for Person 4 are: 'efficiency', 'internal trade', 'economic sustainability', 'innovation', and 'restitution'. The notes for Person 5 are: 'scarcity', 'supply and demand', 'costs and benefits', 'incentives', 'restitution', and 'economic system'. The notes for Person 6 are: 'opportunity cost', 'trade-off', 'economic system', 'monetary system', and 'economic system'. The notes for Person 7 are: 'factors of production', 'production possibilities', 'marginal analysis', 'circular flow', and 'equity'. The notes for Person 8 are: 'efficiency', 'internal trade', 'economic sustainability', 'innovation', and 'restitution'. On the right side, there is an 'Outline' panel with a list of tasks: '2 Before you collab...', '3 Define your probl...', and '4 Brainstorm'. Below the outline panel is a small diagram showing a flowchart with a central box labeled 'Measuring the pulse of prosperity: An index of economic freedom analysis' and four surrounding boxes: 'opportunity cost', 'internal trade', 'restitution', and 'economic sustainability'.
